

Louvretec Retract Roofs

BPIR Declaration

Version: V1

Designated building product: Class 2

Declaration

Louvretec New Zealand Ltd has provided this declaration to satisfy the provisions of Schedule 1(d) of the Building (Building Product Information Requirements) Regulations 2022.

Product/system

Name	Louvretec Retract Roofs
Line	Louvretec Products

Description

Louvretec Retract Roofs are a New Zealand/Australian designed and manufactured, made to measure, louvre roof system. Extruded aluminium louvres are operated by electric motors(230vac). The louvres can be retracted when shading is not required. When the roof is closed the louvres can be adjusted from closed through 135 degrees via the unique operating system. When closed the Opening Roof provides a weather resistant roof.

The system is mounted into a 300x50 rhs surround frame which is supported by posts or fixed into a suitable building opening. The 3 or 4 internal sides of the opening are fitted with a proprietary gutter system and appropriate size and number of outlets. There are 2 Louvre styles to choose from to suit design aesthetics and engineering requirements.

The aluminium louvres, beams and posts are surface protected with powdercoat or anodised finishes. The Opening Roof structure can have other Louvretec products attached such as lighting, heating, Slidetec glass sliders, privacy louvres.

Scope of use

Residential and Commercial projects. Generally to exterior patio/deck, outside living areas. Connected to a building or free standing. In all wind zones as defined in NZS3604:2011.

Conditions of use

All installations must be undertaken by Louvretec approved installers. As per Louvretec span tables. Above EH by SED. Cannot be used as the weatherproofing solution to a building envelope.

Relevant building code clauses

B1 Structure - B1/VM1 (AS/NZS 1170, AS/NZS 1664.1); B1/AS1 (NZS 3604)
B2 Durability – Letter in Lieu

Contributions to compliance

B1/VM1 Structure - (AS/NZS 1170,AS/NZS 1664.1); B1/AS1(NZS3604) B2 - Durability by way of letter in lieu. Refer Producer Statement - PS1 by Markplan Consulting Ltd
